§ The endowment fund of Rs 10000 will fetch annually Rs 400 at the favorable rate of 4% given by Govt. I think a craft or a lower industrial school of the kind mentioned in para 72 of the Technical Instruction Committee Report, published with G.O. No 8834-12, Govt. 462-19-24 of 1st May 1913, may be started. The kind of school will be of use to agriculturists who are found largely in Deurkar, and will cost from Rs 250 to Rs 600 per annum, according to the number of subjects taught. The initial cost will be about Rs 500. The excess recurring expenditure may be given as a grant-in-aid by Govt. Further aid from Govt. will depend upon the future progress and development of the School.

¶ There appears to be no objection to the Dy Commissioner being the president of the Managing Committee. Of the other members mentioned, I find that two

Sir,

I have the honor to make the following reference in connection with O S No 11 of 1914-15 on the file of the Subordinate Judge, Bangalore in which the Deputy Commissioner of Tumkur has been made a supplemental defendant

2 Mr Chendrappa a local Sowcar presented a petition on 6th October 1913 to the Deputy Commissioner that he was desirous of starting an Industrial School at Tumkur and with a view to give permanency to the institution he expressed his willingness to place a building worth Rs 5,000/- and a sum of Rs 10,000/- in cash at the disposal of the Deputy Commissioner and prayed for an equal amount of grant from Government On the receipt of the petition the then Deputy Commissioner, Mr Kumarasami Naik convened a preliminary meeting of the gentlemen whom the donor wished to act as trustees in the matter and made a report to Government in this Office letter No 219 dated 6th December 1913, recommending a Government grant to the institution and soliciting sanction for the appointment of 5 Government Officers referred to in 2nd para of the letter as members of the advisory Committee The Government thereupon referred the matter to the Inspector-General of Education to formulate a detailed scheme of work and asked for the submission of a report for the orders of Government

Enclosure No one file of papers

Makes a reference in connection
with Os No 11 of 14-15 on the file of
the Subordinate Judge Bangalore
in which the Dyf Commissioner of
Tumkur has been made a subple-
natorial Defendant in connection
with the Industrial School at
Tumkur to be started by Mr
Kareman Chendrashekar.

The Inspector-General of Education subsequently put himself in communication with the Deputy Commissioner and has proposed certain changes in the personnel of the Committee. This and other matters connected with the endowment in question are still pending disposal.

3 In the meantime one Kenchappa alleging himself to be the owner of the property which was proposed to be handed over to Government for allocating the Industrial School, sued Mr Chendrappa in O S No 11 of 1914-15 on the file of the Subordinate Judge Bangalore, for the possession of the building from the Defendant and also for recovery of damages from him. In this suit probably after the Defendant put in his statement the Deputy Commissioner has been ordered to be made a supplemental Defendant and the case has been set down for hearing on the 4th proximo.

4 After the receipt of the Defendants' summons in the case, a requisition has been made to the Subordinate Judge to extend the time by 2 months as a reference was required to be made to Government and its orders awaited. No reply to this communication has yet been received.

5 Mr Chendrappa has not put the Deputy Commissioner in actual possession of the property, though from the records it is ascertained that the donor is willing to do so. Out of the amount of Rs 10 000 promised by him, only Rs 2,000/- has hitherto been received, the balance of Rs 8 000/- still remains to be paid. What form the grant which Government may be pleased to give will take, how the Committee is to be formed, what curriculum of studies is to be followed, are all preliminary questions which still remain undecided and until a satisfactory solution of these questions is arrived at, the building which the donor is willing to give cannot be taken over to the possession of the Deputy Commissioner.

6 Mr Chendrappa states that he purchased the building from one Mr Padmarajayya who in his turn purchased it from the legal representatives of Muniya Maistry who was the original owner of the property. Kenchappa, the present Plaintiff, alleges that he is the legal representative of the deceased Muniya Maistry and as such

entitled

23
entitled to possession of the property and that Mr Chendrappa having no right to it whatever, is liable to be evicted from the premises

7 Thus the contention is virtually between Mr Chendrappa, the donor and 1st Defendant in the case who derives his title through Hanumaiya son of Tirumalayya, the adopted son of the original owner Muniya Maistry, and the Plaintiff who says that he became entitled to the property as the nearest reversioner to his infant son who died on the very day of his birth and in whom this property became vested as the son of Venkatamma, the daughter of Hanumanthappa, said to be the foster son of late Muniya Maistry Each of these parties will have to prove their respective cases in order to become entitled to the property and therefore, if the 1st Defendant succeeds in making out his title, the property in question, might then be taken over to the possession of the Deputy Commissioner as one over which the donor had full title to convey In the event of failure by the 1st Defendant, there is no valid title to the property proposed to be conveyed by him in favour of the Deputy Commissioner and consequently the endowment becomes ineffectual If Mr Chendrappa is still anxious to make an endowment of the building to Government, it is his interest to contest the suit to Judgment and get an adjudication in his favour If he does not do so, there is no reason why Government should take up the responsibility of contesting the suit and in case of failure should become mulcted in costs Under these circumstances, I propose that no appearance need be entered in the case and that the Subordinate Judge be informed that the Deputy Commissioner is not going to contest the suit as his case will stand or fall according to the case of the 1st Defendant The interest created in the property is not such as will in my opinion justify the taking of any action for contesting the claim

8 It may be mentioned here that the present Plaintiff had issued a registered notice to the Deputy Commissioner through post on 21st October 1914 that, he had already filed a suit against 1st Defendant and that in case the property was taken to the possession of the Deputy Commissioner, he would be held liable to Plaintiff in damages

no action was taken in regard to this petition

X X
24

9 Under these circumstances I solicit orders of Government as to the action I have to take in the matter and whether a statement on the lines mentioned in para 7 above may be forwarded to the Subordinate Judge

The entire records connected with the case are herewith enclosed

I have the honor to be,
